- tips to accommodate different learning styles and motivate learners
- arts activities to supplement specific units of study

Our Arts for Educators Workshops are also great for:

- staff retreats and team building activities
- special PTO/PTA meetings

Tell us what you need and we will help you create an effective and popular event. Workshops can be customized to suit your budget and goals. For more information or to schedule a workshop, contact Kelly Scheffer at (314) 289-4120 or kscheffer@springboardtolearning.org.

The Connections Institute is a seminar that focuses on Arts Integration. Participants work with speakers and facilitators to create lessons and learn innovative ways to incorporate the arts in their curriculum. Mark your calendars for the 2009 Connections Institute in June at the University of Missouri–St. Louis. Learn creative ways to incorporate the arts into the science curriculum through hands-on workshops and discussions with local educators.
